

Abnormal, Unsettled Minds.

It is not a difficult task for any sort of an agitator to convince men who work hard and spend their entire substance in riotous living that the entire earth has combined against them, says the Prescott Courier. The minds of such men are abnormal and unsettled. The facts are that such men are combined against themselves. A little more preaching of the doctrine of honesty, temperance, industry and economy, and less of throwing bricks at people who do live on these lines, is very much in order. The laborer is worthy of his hire, and he should receive every cent that the traffic will stand, for he deserves it. But if he selects to destroy his mind and body by the unwise use of that pay when he gets it, and falls a prey to the wolves who thrive on man's weakness, it is not the fault of the government or of his fellow-workmen who have chosen the wiser path, and his ills can never be alleviated or his sufferings assuaged by the poisonous vaporings of professional agitators who, like the patent medicine vendors on the street corners, grow fat on the gullibility of their shallow-pated audiences.

At the Methodist Church.

Tomorrow, in the Methodist church, the "benevolences" will be presented. All who have subscribed to this fund will be prepared to pay their subscription, as far as possible, and the members who have not yet subscribed we hope will come prepared to assist in the good benevolent enterprises of the church. "The Lord loveth a cheerful giver."

Sunday, the 17th, we celebrate the twentieth anniversary of the Methodist church in Flagstaff. We expect to have a royal time. The Children's Day exercises will be a part of the program. J. H. HENRY, Pastor.

An Ideal Stock Ranch.

Mr. Walter Durham, than whom there is not a more congenial fellow in Coconino county, was a pleasant visitor to Flagstaff this week, shaking hands with his numerous friends. Mr. Durham is one of the successful stockgrowers of this section, having an ideal ranch and range at Kendrick mountain, about twenty-five miles from Flagstaff, where agua pura never ceases to flow and the luxuriant grasses ever remain green, making of it a veritable paradise for the bouvine, of which Mr. Durham has at present about 1,500 head, beauties to behold, who rest beneath mammoth trees and chew the cud of contentment while awaiting the command of the connoisseur who will accept nothing short of tender, juicy steaks.

To Whom It May Concern.

I have made arrangements with the town council of Flagstaff, Arizona, for the exhuming, removal and reburial of the dead now interred in the Greenwood cemetery.

All persons having relatives or friends in said cemetery should notify me at once of their wishes in the matter. All bodies must be removed on or before the 15th of September, 1904.

Dated at Flagstaff, Arizona, this 16th day of June, 1904.

The Value of Newspapers.

Newspapers have more to do with bringing investment money into any country than all the other causes combined. There are plenty of people who owe their very existence to this very money which the newspapers are instrumental in bringing in who ridicule the very idea in helping to keep up newspapers, holding that it is of no benefit to them because, forsooth, the newspaper man does not place the dollar directly in their hands. Such people should be forced, if possible, to live in a newspaperless town until they are sufficiently starved out, which they would be, to be glad to pay a handsome bonus to get one to come in.—Prescott Courier.

Facts and Records About the Stallion Tobacco.

His sire Lobasco held the world's stallion race record.

Lobasco's sire Egmont was the grand sire of Lord Brilliant, the great show horse, who has 419 blue ribbons to his credit, and whose owner refused \$75,000 for him. Egmont's sire Bellemont was given precedence over all the stallions in Kentucky, and his book filled at \$500 service fees at his death. He was the sire of Nutwood, the champion sire of race horses, and Fred Arthur, 2:14 1/4; Clara D., 2:14 1/4, and his descendants, Pamlico, 2:10; Onqua, 2:11; the champion 2-year-old filley, pacer Vassar, 2:07; and that remarkable quintet of four-year-old filleys, Georgia Lee, 2:12 1/4; Nenonellie, 2:13 1/4; Wistful, 2:13 1/4; Elfrida, 2:13 1/4; and Roseleaf, 2:14 1/4, together with the two-year-old filley LaBelle, 2:16; the pacer mare LaBelle, 2:09, and most sensational of all the champion pacer stallions, John R. Gentry, 2:03 1/4.

Bellemont's sire Abdallah, was the first horse to sire a 2:15 trotter, Goldsmith Maid, 2:14; world's record 1874. His great grand son Crescens was the first trotting horse to lower the two minute mark, 1903. Tobacco's dam by Saturn, 2:05; by Satellite, 2:50, sire of Fred K. pacer, 2:09 1/4; Saturn, the sire of dam of Fieldmont, pacer, 2:13 1/4. These records prove that his family for thirty years has been in the 2:15 list. He is the only stallion owned in Arizona to place a 2:15 performer on an Arizona track, Cobre Grande, 2:14 1/4, Phoenix, Arizona, January 2, 1903.

This horse will make the season of 1904 at the ranch of W. K. Ross, eight miles south of Rhoades, Arizona, for the service fees of \$12.50 for season, or \$25 to insure a living colt. Pasture furnished, without extra charge for mares, careful handling, but all accidents at owner's risk.

I also own a registered herd of Shorthorn cattle and will sell calves at a price that will save the freight from the large breeding farms in the east. These calves having the additional benefit of being acclimated, intending purchasers are cordially invited to investigate their certificates of registration, and satisfy themselves that they are procuring the best blood that money can buy. Address all communications to
